Comments on the Examiner's Reasons for Allowance

Sir:

Applicant offers the following comments in response to the Examiner's Statement of Reasons for Allowance as set forth on page 2 of the Notice of Allowability dated December 20, 2005. The Reasons for Allowance merely loosely paraphrase claims 1-6 and, therefore, do not accurately restate the claimed invention.

Further, even though the application includes three independent formulations of the invention, the Reasons for Allowance appear to paraphrase only claim 1. Accordingly, the Statement is also deficient by failing to acknowledge that claims 5 and 6 were allowed for independent reasons.
